La MAGOUILLE

La Magouille is a perfect boat for small groups. Its spacious interior and oversized windows creates an atmosphere you would expect on a larger vessel. With two separate cabins privacy is maintained, leaving the salon area to be used as a salon area and not a bedroom. Its light interior and smart placement of galley gear makes for a easy dining experience.

The unique feature of the swing keel is a real bonus when heading into some of the smaller bays around the lake. It gets you closer to shore, and into some areas that larger vessels cannot go. When the keel is down she has no trouble pointing. Equipped with a large roller genoa and blade on a removable inner forestay matching sail area to wind is easy. She comes with all you would expect for vessel that calls Superior her home; radar, chart plotters, large anchors, autopilot, single line reefing to two points - with a third just in case. (If you need the third reef we suggest you sit out the gale...) All lines are lead aft. To keep the cockpit open she has a large wheel helm, a full complement of electronics and safety gear, electric windlass. 10 ft Dinghy with 9.9 hp 4 stroke.

Izabela Pioro Photography

Fuel tank, 120L (30 US gal.) Approx. 250 mile range. 20 hp, Flexo folding 2 blade prop.

Holding tank, 100L (26 US gal.)

Fresh water 120L (30 US gal.)

Propane BBQ, Force 10 three burner stove-top with oven and a Sea Frost freezer. (ice cube maker too) Seating for 4+ at the salon table.

Accommodation: one couple in the double vee berth cabin, one couple in the port aft cabin. The Engine heat-exchange provides hot water for the shower.
